New introduction video- ask for the link or the DVD

Dear friends,

At this moment Muslims are celebrating Eid al Fitr, the celebration after the month of Ramadan – a month of fasting from sunrise till sunset. Some of you have prayed specifically for the Islamic world during this month; prayed that many people would have an encounter with the Lord Jesus who has become for us “wisdom from God – that is, our righteousness, holiness and redemption.” (1 Cor.1:30 NIV)

Our follow-up team is daily in touch with people in the Arab World who need that divine wisdom, who long for righteousness and redemption. One of them is Sadi from Iraq. He comments on one of the Facebook pages: “I really like what is written on this page about Christ and I have noticed that Christians have a love for all people. This is because they have learned from the teachings of Christ.”

Please pray for him and so many who want to know more about Christ, His love and righteousness. May we continue to be a blessing for the Arab World!

Women in the Bible

The first 24 episodes of *Women in the Bible* have been filmed and are now being edited. Different women from the Old and the New Testament are portrayed; the first part of the episode is in the form of a sketch which is followed by an explanation, usually done by a Christian lady from one of the Arab countries.

What does e.g. Abigail from the Old Testament teach us when she hears about her husband Nabal's refusal to give David and his men food and drink? She was a woman who happened to be married to a man who took some very wrong decisions. By her wisdom she was able to prevent much bloodshed.

And what happens to the lady in the New Testament who has seen dozens of doctors and is still bleeding and suffering – 12 long years. How does Jesus restore her to life?

I can't wait to have this great series on television. It will be such an encouragement for thousands of women who often believe that God does not really care about them.

Kingdom Person II

The filming of the second series of Kingdom Person is taking place this week. From 9 - 13 July our crew is working hard to get much done in a few days. Would you pray with us that things will go smoothly and that there will be electricity when we need it? (In the summer when all the air conditioners are switched on, there are often power cuts!) And please pray for Dr Awsam and the presenter of the program for creativity and wisdom. Kingdom Person II will have 26 episodes of 15 minutes each. Some of the themes are: How to become a mature Christian and resemble Christ, how to deal with suffering, and how to integrate spiritual, psychological and theological aspects in living a Christian life.

Someone commented on the Facebook page of Kingdom Person: *"This is a wonderful episode; actually it is more than wonderful—amazing! It has so many answers to a lot of questions I have."* Someone else wrote: *"Whatever I can do to express my thanks for this very useful program is not enough. The help I got from this book and program has changed me."*

We still need €2000 for the editing of this important program. Would you be able to help us?

Hope for Tomorrow

"When Leila was still a child, she was raped by her brother. This was only the beginning and she was subjected to abuse by many other family members, which resulted for her in an addiction to sex. Because she'd always had a problem with her leg, she thought that her chances to get married were very slim. She had become completely addicted to sex without seeing a way out of this bondage and more than once she thought of taking her own life. After having watched our program of Hope for Tomorrow, she contacted us and we talked with her about the Lord Jesus and assured her of the fact that He is willing to accept her. Leila prayed to God and asked Him to help her in the situation. Please pray for Leila and the many men and women who respond to Hope for Tomorrow."

On our facebook page of *Hope for Tomorrow* there are comments and questions each day and our follow-up team is busy answering questions, praying, helping and trying to find solutions. They do it with a heart full of love and compassion.

This program about domestic violence and sexual harassment has a tremendous impact on men and

women in the Arab World. That's why we would like to make the whole series of 13 episodes available to be used in other languages as well. The issue of sexual violence is not limited to the Arab World. We plan to provide English subtitles to all the episodes. Would you please help us finance the translation? **We'd need about €150 for each episode.**

On [our YouTube channel](#) you can watch an episode of *Hope for Tomorrow* with English subtitles.

Newsletter June

There is much more news about other plans and productions which we shared in the (printed) June newsletter. Read our June newsletter [here](#) and learn about the *Words of Wisdom* program, our *Let us Reason Together* talk-show and so much more!

Become an ambassador for Arab Vision!

A new 8-min-video about the work of Arab Vision is now available. If you would like to have a copy to show it for instance in your church or home group and share about our work, please write to contact@arabvision.org. We can send you a DVD or a link to the video.

Thank you for your partnership in the Gospel, for your prayers and [support](#), which is like a cool breeze in a hot summer.
